

\$825,000 - 224 Edgemont Bay Northwest, Calgary

MLS® #A2062110

\$825,000

4 Bedroom, 3 Bathroom, 2,456 sqft
Residential on 0.18 Acres

Edgemont, Calgary, Alberta

Great location! Unique, architect-designed custom home with a mountain view, perfect for home business, on a pie-shaped lot at the head of a cul-de-sac. The neighborhood is a dream for families with top schools and plenty of parks and lovely kids to make friends with. So convenient with close access to parks, schools, and shopping plus more. Spacious entrance with slate flooring which leads from the left to the 2 car garage or from the right to the office/den and 3 piece bath. Steps to a huge high-ceiling living room, with a floor-to-ceiling stone gas fireplace. Then up to the dining room with sliding doors to the wrap-around deck and private backyard. Then see the sunny, eat-in kitchen with cantilevered cedar ceiling, skylights, oak flooring, modern appliances (Bosch dishwasher, induction cooktop with touch controls, under-counter lighting, granite island, etc) with a side door that leads to the deck and/or front of the house. The hall from the kitchen leads to 2 large bedrooms (one with a walk-in closet), and a 4pc bath. Go up from the hall to the private adult level on the top floor with a huge primary bedroom with a sitting area near a second fireplace (wood burning), walk-in closet, and huge 5-piece ensuite soaker tub, 2 people ceramic shower, his and hers sink with granite countertops, extra storage, cedar ceiling, and sliding doors to the balcony. The lower level has the laundry, a 4th bedroom great for teens, guests, or mother-in-law, a rec/sitting room with a wood-burning fireplace,

counter, sink, and fridge, and a storage/utility/crawl space. 2011 shingled roof with a 50-year warranty, deck repairs, all new windows & doors with guarantees, upgrades of flooring (oak, walnut, slate, ceramic, carpet), stainless steel appliances, light fixtures, window coverings (silhouette), poured-concrete driveway (\$29K in 2017), landscaped side & backyard. New Furnaces did as well as an air conditioner for these warm summer days.

Built in 1980
